

Technical drawing of a drainage channel cross-section. The drawing shows a channel with a bottom profile and a top profile. The bottom profile is marked with elevations: +0.07, -0.05, 0.00, -0.05, and +0.10. The top profile is marked with elevations: +0.07, -0.05, 0.00, -0.05, and +0.24. The channel is divided into sections by vertical lines. The dimensions are: 2.00, 5.00, 5.00, and ok. 3.90. The slope is indicated as 2% and 3%. The channel is labeled with circled numbers 1, 2, 3, 4, 5, and 6. The drawing includes a scale bar at the top and a north arrow at the bottom right.
